

## SAW PRO SYSTEMS

### ULTRASONIC CLEANING SYSTEMS

include:

- Stainless steel tank
- Stainless steel frame
- Illuminated control panel
- Digital temperature control
- Digital timer controlled ultrasound
- Hinged Lid
- 2 year parts warranty
- Fully insulated design
- Chemical resistant
- Easy to use
- Adjustable heat
- Precise cleaning
- Client convenience
- Made in the USA

### **PAK SAW PRO I**

The PAK SAW PRO I is a cost effective 33 gallon tank offering portability and versatility for cleaning saw blades horizontally up to 18" in diameter. If placed vertically, a saw blade up to 24" in diameter can be cleaned.

**Ultrasonic Power :** 2000 Watts

**Tank Dimensions :** 20" length x 19" width x 20" working depth

**Overall Machine:** 31" length x 22" width x 34" height

**Electrical:** 1 Phase / 120 VAC / 20 Amp

### **PAK SAW PRO II**

The PAK SAW PRO II is a 75 gallon ultrasonic cleaning system with increased capacity to easily clean saw blades horizontally up to 23" in diameter. Blades up to 35" plus can also be cleaned.

**Ultrasonic Power :** 4000 Watts

**Tank Dimensions :** 30" length x 24" width x 24" working depth

**Overall Machine:** 47" length x 27" width x 37" height

**Electrical:** 1 Phase / 240 VAC / 20 Amp

### **PAK SAW PRO III**

The PAK SAW PRO III is a 87 gallon ultrasonic cleaning system with increased capacity to easily clean saw blades horizontally up to 30” in diameter. Blades up to 35” plus can also be cleaned.

**Ultrasonic Power :** 6000 Watts

**Electrical:** 1 Phase / 240 VAC / 20 Amp

### **PAK SAW PRO IV**

The PAK SAW PRO IV is a 147 gallon ultrasonic cleaning system with increased capacity to easily clean saw blades horizontally up to 40” in diameter. Blades up to 45” plus can also be cleaned.

**Ultrasonic Power :** 10,000 Watts

**Electrical:** 1 Phase / 240 VAC / 20 Amp

### **PAK SAW PRO V**

The PAK SAW PRO V is a 222 gallon ultrasonic cleaning system with increased capacity to easily clean saw blades horizontally up to 50” in diameter. Blades up to 55” plus can also be cleaned.

**Ultrasonic Power :** 16,000 Watts

**Electrical:** 1 Phase / 240 VAC / 20 Amp

### **PAK SAW PRO VI**

The PAK SAW PRO VI is a 314 gallon ultrasonic cleaning system with increased capacity to easily clean saw blades horizontally up to 60” in diameter. Blades up to 65” plus can also be cleaned.

**Ultrasonic Power :** 22,000 Watts

**Electrical:** 1 Phase / 240 VAC / 20 Amp

## Options & Accessories

<b>Basket 1</b>	<b>15"x15"x6" Basket with handles</b>
<b>Rack</b>	<b>Vertical saw blade rack</b>
<b>Soap 28</b>	<b>PAKCHEM – 5 gal. (10:1 ratio)</b>
